

## Level 3 Pre-Reading Instructions

Dear Student,

We thank you for choosing to take the course with Northland First Aid and we hope you have a great course.

As you might already know this course is intense and very demanding. It is as important to us that you do well as it is to you, and with study and hard work you can succeed.

To help you prepare we would like you to carefully read this letter and we recommend that you follow its instructions even if you are re-certifying.

In your binder there are 20 tabs. Each tab represents a lesson and every day we will cover two lessons. To be prepared for the first day of the course we would like you to skim read the first and second tab of your binder. Then read the following:

In the bound manual:

Chapters 1-3

Chapter 18 pages 143,145, and 146.

Chapter 26

Chapter 47

Chapter 11 page 106

Chapter 24

Chapters 27-29

Chapter 32

Chapter Chapter 33 page 244

Chapter 36 page 267

In the binder:

Appendix A A2-A32

Appendix B

Appendix C

When you are done reading what we have outlined above you should skim-read as much of the manual as possible.

It is our sad experience that students that do no pre-reading struggle heavily through the entire course. If you have any questions regarding the reading please contact Northland First Aid.

If these instructions are not sufficient please feel free to contact us.
